

A close-up photograph of a silver aluminum can lying on its side in a field of vibrant green grass. The can is the central focus, with its top and side visible. The grass blades are sharp and detailed, creating a textured background. The lighting is bright, suggesting a sunny day.

Litter in Milton Keynes' Parks

The **Parks** Trust
MILTON KEYNES

Do you want your local park to look like this?

**We are finding
more and more
litter in our parks...**

**Litter in the parks has
lots of negative
effects...**

It is harmful to wildlife...

**It attracts
vermin...**

**...which
spreads
disease.**

It makes the parks horrible places to be...

**It damages
plants and
trees...**

The background of the image consists of several stacks of British pound banknotes, including 10, 20, and 50 pound notes, arranged in a way that creates a sense of depth and abundance of money. The text is overlaid on this background in a bright blue, bold font.

It costs a lot of money...

**Last year, The Parks Trust
spent over**

£220 000

**clearing up litter left in our
parks!**

**We would much
rather spend that
money on things like
this...**

Help keep your parks clean and healthy...

**TAKE
YOUR
LITTER
HOME!**
