

How to: Make a Nature Card Game

You will need:

- Some card or paper
- Coloured pens or pencils
- Scissors

Step 1

Fold your card or paper into lots of equal parts

Step 2

Draw your favourite animals, plants or fungi on the paper. Be sure to do two copies of each character. *Hint: They don't have to be exactly the same – you could have Mr and Mrs versions for example!*

Step 3

Carefully cut out the cards

Hint!

If your pens have leaked through, you can stick some wrapping paper or magazine cuttings to the back – it is important you can't see through the paper!

Games

Now you are ready to play!

With this set you can play the memory game or snap.

See below for instructions for these games...

Snap!

1. Divide the cards amongst the players (need a minimum of 2 players).
2. Each player must keep their cards turned picture-side down and in turn, place one card in the centre (picture side up).
3. If any of the cards match the one below, reach for the pile and shout "snap!"
4. The fastest player wins the cards on the pile.
5. The game is finished when one player holds all the cards!

The Memory Game

1. Lay all the cards picture-side down on the floor or table.
2. Each player is allowed to turn over 2 cards on their turn.
3. If the cards match, the player gets to keep the cards. If they do not match, the cards must be turned back over for the next player.
4. The player at the end of the game with the most pairs wins!
